

# A15

A15 SP / A15 ST

Electric storage water heater, small capacity Available both over-sink and under-sink version.

## + Why to choose it:

- Perfect to heat water for kitchen or sink use
- High versatility of installation, even into not-on-sight furniture
- Small dimensions require short period to heat water

## TECHNICAL DATA

	A15 SP	A15 ST
Thermal Dispersiom 50° (KWh/24h)	0.38	0.38
Power (W)	1500	1500
Voltage (V)	230	230
Heating time ( $\Delta t$ 50°)	35'	35'
Max working temperature (C°)	60°	60°
Max working pressure (bar)	8	8
Protection against humidity	IPX4	IPX4
Insulation class	I	I
Profile	XXS	XXS
Energy Class	B	C

**INCREASED MAGNESIUM ANODE,**  
FOR TOTAL PROTECTION AGAINST  
VACANT CURRENTS

**GLASS ENAMELED**  
TANK

**ABSENCE OF CFC;  
POLYURETHANE FOAM**  
FOR ECOLOGICAL THERMAL  
INSULATION

**COPPER  
HEATING ELEMENT**

**INSTALLATION  
KIT**

**POLYURETHANE  
FOAM CFC FREE**

**MAGNESIUM  
ANODE**

**LED  
CONTROL**

**ROHS  
COMPONENT**

**THERMOSTAT**
