

# A5

## A5 SP / A5 ST

Electric storage water heater, small capacity Available both over-sink and under-sink version. Available also with external regulation of temperature.

### + Why to choose it:

- Perfect to heat water for kitchen or sink use
- High versatility of installation, even into not-on-sight furniture
- Small dimensions require short period to heat water

## TECHNICAL DATA

	A5 SP	A5 ST
Thermal Dispersiom 50° (KWh/24h)	0,323	0,323
Power (W)	1500	1500
Voltage (V)	230	230
Heating time ( $\Delta t$ 50°)	16'	16'
Max working temperature (C°)	65°	65°
Max working pressure (bar)	8	8
Protection against humidity	IPX4	IPX4
Insulation class	I	I
Profile	XXS	XXS
Energy Class	B	B

**+** **INCREASED MAGNESIUM ANODE,**  
FOR TOTAL PROTECTION AGAINST  
VACANT CURRENTS

**+** **GLASS ENAMELED**  
TANK

**+** **ABSENCE OF CFC;**  
**POLYURETHANE FOAM**  
FOR ECOLOGICAL THERMAL  
INSULATION
